To start your project, you will first need to choose the yarn you want to use. We recommend choosing a medium thickness yarn if your project is a blanket. This crochet stitch can be made with several color possibilities, choosing a yarn that has good shades is a great way out.

Crochet Pattern – Foundation Chain:

Begin by crocheting a foundation chain that consists of multiples of 17 stitches, and then add an additional 16 stitches to the chain length. Keep in mind that your final work's width will be slightly narrower than the chain you create, as this allowance is necessary to accommodate the zigzag design. The zigzag pattern will cause your work to be approximately 1/4 narrower than the initial chain, so ensure you account for this adjustment.

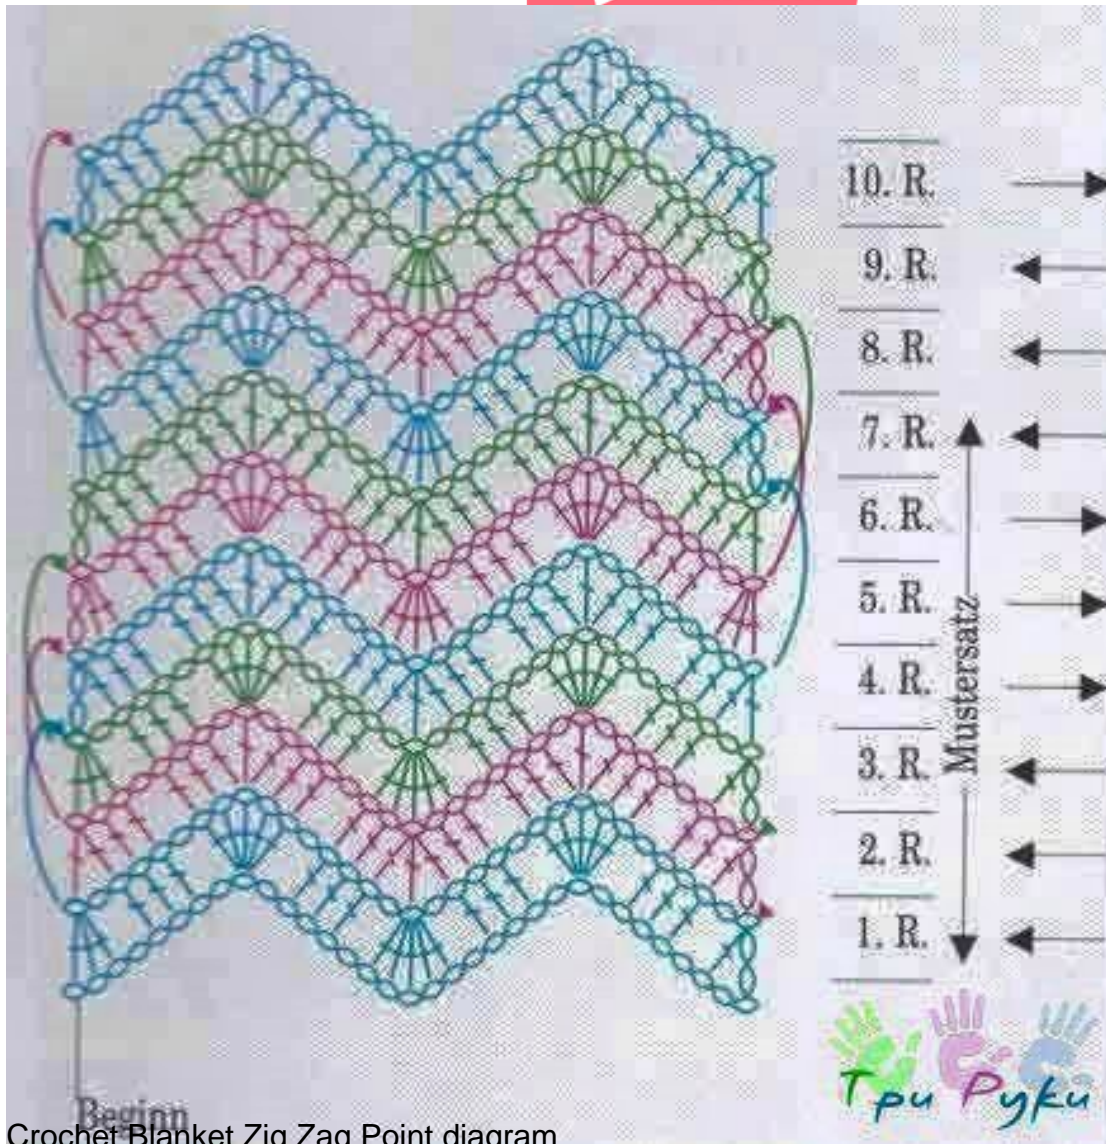

Row Instructions:

1. Double crochet (DC) once into each of the next 5 chains.
2. *Work 3 DC stitches into the following chain to form the current point.
3. DC once into each of the next 7 chains.
4. Skip the next 2 chains on the foundation chain.
5. DC once into each of the next 7 chains.*
6. Repeat steps 2 to 5 to continue the zigzag pattern.
